To ALL in our Military ... past and present

*"Thank You . . . thank you for doing what you do,
so we can do what we do."*

Our **Memorial Day** cookout festivities were great fun and another opportunity to gather with friends. Everyone brought a pot luck dish which resulted in plenty of appetizing goodies for all. The American Landlease management provided funds for the hotdog and hamburger meat. The hall was full and all were treated with accordion music provided by **Bob Talaga's** (#47) as he played for our enjoyment. He was quite good and it suggests we should recruit more of our experienced residents to entertain at events.

Marcy Desiderio (#152) invited her visiting cousin from Minnesota to sing for us. He is a professional singer and it was a treat that he agreed. He sang some of Frank Sinatra's signature songs. Thank you Marcy.

A Karaoke machine was used by many before the festivities ended. It was a big hit as songs of our younger days were sung and proves we never forget how to have fun with music. Congrats to **Jackie Bowman, Mike and Elaine Kereluk, Joe Schnier, Dave Blomeyer** and others who helped make this event a success. Thank you.

**Come
and GET IT!**

A Message from our Activities Organization President, Joe Schnier

Summer has arrived with its triple digit temps. Remember to drink lots of water and stay hydrated when outside. The doves who've been living on my golf cart for the last few weeks have finally left. No doubt the hatched little ones are off exploring the park...parents are looking for another golf cart.

If you have plans to go away for the summer, we hope you have a safe and enjoyable time. Tell us about your trip when you return and even let us show some of your prize winning photos in the newsletter.

The first meeting of the Luau committee was held 2 weeks ago. October 20th will be here before you know it so mark your calendars to attend our first ever Desert Harbor Luau. Plans are just developing now so we welcome any and all ideas. If you are interested and want to help plan this event, just give me a call.

We also need help with the **4th of July** cookout. Watch the Bulletin Board for more details for this celebration. This year we'll be serving brats.

Everyone had a good time at the Memorial Day cookout and want to thank you all for coming.

What's in Your Backyard?

It is spring and the time when new life begins in our neighborhood. Pictured here are a couple of examples captured by the watchful camera's eye of a Desert Harbor resident.

Mourning Dove is the most common and widely occurring bird in Arizona. We have plenty sharing the neighborhood with Desert Harbor residents. As is seen in these pictures, they make homes in the most unlikely places even on top of a utility cabinet in a carport. Many people have reported similar such makeshift nests.

Their staple foods are primarily small seeds and cultivated grains. The woeful call of breeding males can be heard as early as February and pairs are known to attempt as many as seven nestings in a single season. Productivity may be high even though the usual clutch size is only two eggs. Incubation takes about 15 days and is accomplished by both parents. The young doves are fed regurgitated "pigeon milk" by both parents and grow and develop rapidly. Residents may regain possession of utility cabinets or other such places when the fledglings leave the nest in 12 to 14 days after hatching.

**Mourning Dove
nesting**

**Gambel's Quail
family**

Gambel's Quail is a common year-round resident among much of Arizona's desert scrub and Desert Harbor. In the spring it's fun to watch the little ones scurry behind their parents in search for food. Like most quail, they live on the ground and will walk or run before they'll fly. Gambel's quail eats leaves, seeds, fruits and small insects. This particular family was seen in southeast corner area of our park before jumping to the parameter wall as they nervously escaped from a pursuing resident with his camera.

Casino Trip for June

Tuesday, June 19th, a bus will take us to the **Apache Gold Casino & Resort** in Globe. This casino is home to the most penny games in Arizona. They also feature nickel, quarter, dollar and five-dollar slots as well as Bingo daily. Our **FREE** bus will take us right to their front door and the Casino will give us \$10 each when we arrive. How good is that?

Add your name to the Sign-up Sheet in the Desert Harbor Clubhouse if you want to join in on this trip to the Apache Gold Casino. On Tuesday, June 19th, check in time is 8:00 a.m. in front of the Clubhouse.

For additional information, contact **Celine, Lot #106...(480) 982-1618**

Travel Club

Bus trips during June include baseball on Tuesday evenings and two-day trips to the Avi Casino in the Laughlin area. If you would like to go on any of these trips, call **Connie Riter at (480) 641-7753**.

Avi Resort/Casino trips in the Laughlin area are:

- \$29 per person double occupancy
 - \$39 per person single
- This organized trip to Avi includes:
- Deluxe motor coach transportation w/luggage handling
 - One night accommodations at the Avi
 - One free meal at their buffet

There are no other casino stops.

You may choose either or both bus trips that are available: June 5th and June 19th. Bingo is played 5 times each day, 3 times are free. You may also enjoy a movie theater and a private beach on the Colorado River. What a great way to cool off!

You should visit the Arizona Culinary Institute **du Jour Restaurant** — a great "summer treat." It's located at 10585 N. 114 Street, Ste 401, Scottsdale, AZ. They have elegant dining areas with a gourmet cuisine. The unique thing about this restaurant is students run it in every job position as part of their culinary and restaurant management education. **du Jour** is open to the public for lunch service Monday thru Friday and reservations are highly recommended. Simply call ACI at (480) 603-1066. You will enjoy this place!

Baseball with the Diamondbacks

June 5th, playing the **San Francisco Giants**
June 26th, playing the **Los Angeles Dodgers**.

Each trip includes round trip in a Deluxe Motor coach and great reserved seats at the stadium in section 110 or 111. These sections are not bleacher seats but are individual seats located on the right field foul line. The bus leaves Apache Junction around 4:30 pm. Cost is \$39 pp because of the better seats in this package.

The **Rockettes** (the famous dancing group from New York's Radio City Hall) are returning to Phoenix this Christmas season for shows in late November and early December. Nov. 30 at 5 pm, Dec. 2 at 7 pm, and Dec. 8 at 11:00 a.m. Cost of the tickets including transportation to the Dodge Theater and great main floor reserved seating is \$95.⁰⁰ pp. There's a sign-up sheet on the trip board if interested. Ten people and the bus will pick us up here in the Park. It may seem early, but this is always a sell-out. There are already two complete busses going to the **Rose Bowl Parade** and **Reagan Library** for New Years. If you would like to go on any of these trips or others listed in the book at the Clubhouse, call **Connie Riter at (480) 641-7753**.

A Desert Harbor Profile

If you don't know **Margaret and John Poshka** (#4) by now, you will soon enough. It is Margaret's goal to meet and know everyone in the park by first name within the next two to three years. With her warm and talkative nature, she's just the type of person you want to have as a friend. You may have already spoken with her if not in person, perhaps by phone. She was the voice who called nearly everyone in the park inviting them to our recent Western Dinner/Dance. It was mainly through her efforts that this event was so well attended.

Margaret was a teenager when she met John at the insistence of the ladies in their church. John was an older man and Margaret wasn't so sure about him because of that. The ladies however were convinced they would make a good couple. After more than 45 years together, Margaret has decided they were right. After visiting their daughter who lives in Queen Creek for Christmas in 2005, they discovered Desert Harbor and purchase a home here. They retired soon after selling their home in Rockford, IL. in July of 2006 and then moved to Arizona with their dog Princess (a 2½ yr old Pomeranian).

John worked as a manager in a machine factory in Rockford and Margaret was a stay at home Mom for two children. The couple was always active in church and school activities but when the kids were grown and out on their own, Margaret found a job in cafeteria work and quickly learned everything there was to know and also enjoyed this phase of her life.

As a cancer survivor after six years, Margaret has learned to appreciate life more and has realized the true value of friends. Retired now, she and John say that church and living at Desert Harbor are their main focus. The couple report they are happy in Arizona and want to get involved with meeting people through the many activities and social events in the park.

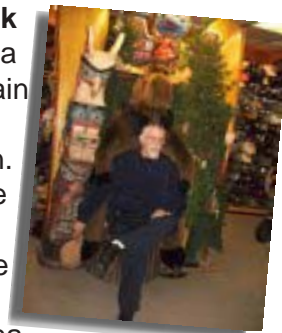

Travels... Where have you gone?

During the month of May, **Dick and Cyndi Smith** (#74) went on a grand vacation to Alaska. The main reason for going was to attend their grand daughter's graduation. The occasion also gave them the opportunity to do some touristy things in the land up north. While on a side trip to Denali and Fairbanks they stayed in Talkeetna, a little town with about 500 people. From there it was possible to see Mt. McKinley, the highest mountain peak in North American. They bragged about seeing both the top and the bottom of the mountain, however not at the same time. Rarely can the mountain be seen completely due to clouds or rain which usually cover one portion or another.

Going on toward Seward, Dick and Cyndi visited a small town accessible only by a one lane 2½ mile long tunnel. During their stay, an unexpected power failure occurred forcing closure of the tunnel to all traffic. The couple wondered when if ever they were going to get back out. It was 6 hours later before they got the answer and the tunnel was reopened.

While in the state Cyndi got to see a mother moose and twin babies when they toured a musk ox and reindeer farm. Dick admitted he could have easily become a fish bum up there with so many lakes and rivers. It would be impossible to fish them all.

Pet Corner

My 10-lb Bundle of Love.....by Pat Ballock, #183

Two years ago I received the best birthday present ever in the form of a little white, one-year old Bichon Frise puppy with the name Pee Wee. My granddaughter Peyton immediately renamed him Raine Beau, it stuck and Beau it was.

It all started when I was visiting family in Pittsburgh and my brother thought that Beau and I needed each other. He was brought out and presented to me with a big red bow and has been the love of my life ever since.

Beau loves to sit outside here at Desert Harbor and greet everyone who passes. For those of you who walk your dogs past my place, you know how he loves to play. The trouble is he gets so emotional, this lovable little dog scares most other dogs away. He is a great lap warmer and bed partner. Now with my sister Janet around, he goes from one bed to the other.

Foxy, the Runner.....by Cookie Pein, #53

There was this little Pomeranian pooch at the Humane Society begging to be adopted a little over 4 years ago. Cookie Pein didn't think twice about her decision. Foxy turned out to be a loving yet hyper little dog and now the pair is an integral part of the Al and Estelle Pein household (#53). Now Cookie and Foxy can usually be seen around the park on regular walks in the evening hours.

Foxy loves the outside and to prove the point, when the door is accidentally ajar, she darts through the opening in a flash. It doesn't happen often but when it does, we've been lucky that she's found and brought back in a short time. I guess that Guardian Angel tag was worth the money after all! I wonder if the previous owners gave her up knowing she was a runner. Now if you ever come across our fury beige Pomeranian, she belongs to the Peins at #53. Don't worry, she won't bite...just the opposite; she'll give lots of kisses and jump all over you.

She constantly shares her love and affection with the family and because of that, it seems Foxy gets preferential treatment. It all starts with "Nanny" (Estelle) who does a great job of feeding her from the table...then innocently asks, "Is Foxy getting fat?"

No one knows how it happens but Foxy can be sound asleep but if there's a noise in the kitchen, that little dog will appear from nowhere before you know it. Al, known as "Poppy", can never sneak a snack without Foxy licking up those inevitable dropped crumbs. Estelle blames Al for Foxy's weight gain and Al says it's all Estelle's fault. Who knows for sure ... Foxy remains neutral on the subject!

EXERCISE FOR OLDER ADULTS

This is good exercise for those who like it simple...perfect for us here at Desert Harbor.

- First begin by standing on a comfortable surface, where you have plenty of room at each side.
- With a 5-lb potato sack in each hand, extend your arms straight out from your sides and hold them there as long as you can. Try to reach a full minute, and then relax.
- Each day, you'll find that you can hold this position for just a bit longer.
- After a couple of weeks, move up to 10-lb potato sacks.
- Then try 50-lb potato sacks and then eventually try to get to where you can lift a 100-lb potato sack in each hand and hold your arms straight for more than a full minute. (I'm at this level)

After you feel confident at that level, put a potato in each of the sacks.

When YOU feel bad, so do WE . . .

The following information is not meant to embarrass nor is it intended to bring undo attention to those in pain. We respect people's privacy but as a community, we also recognize a need to express our compassion.

Don and Margaret Crump, Lot #127, are saddened with the passing of Don's mother who died on May 23rd. Don and Margaret had returned to Indiana for the summer and were fortunate to be there when she passed away. Although she had been ill for several months, it is always a difficult and our prayers are with you.

Vivian Kirby, Lot #23, recently spent a few days in the hospital with severe pneumonia. We are happy to report she doing much better now and is resting comfortably at her son's home. The ladies in the water aerobics group want her to know she is missed.

If you know of anyone experiencing a pain and wasn't mentioned here, please let us know so we may post it as soon as possible.

Snow Birds, Where Are YOU?

May 5, 2007 --- We just received the May newsletter by email. Thank you very much for sending it to us. This is a great issue, love the coloured pictures and all of the news. So sorry to hear about Alice [Shively], she was such a ray of sunshine. We are still waiting for spring to arrive here at home in Alberta [Canada]. Some of the golf courses are open however no one is golfing with the heavy rain we have had the last 3 days. I have started flower seeds in the basement hoping to get a head start for when it does warm up enough to transplant them outside. Thanks again,
Joyce Morrison #195.

Stay in touch even when you're not at

Learn to do the
Texas Two-Step

It is a fun and beautiful form of couples country dancing. Classes are offered every Monday at 7:00 pm

in the
Desert Harbor Clubhouse

Men learn to lead,
Women learn to follow.
Everyone learns steps, turns, spins, fancy moves, how to look good and enjoy a fun time on the dance floor.

New to the Neighborhood and Welcome

<u>Name</u>	<u>Arrived</u>	<u>Lot #</u>
Bob & Fran Trundle	May	34
Linda Stephens	May	84

We all welcome the opportunity to meet and greet each of you at our many functions. Hopefully you will find that our Desert Harbor community is all you hope it to be as you blend in meeting many new friends.

A special gathering is in the planning stages for the near future to welcome and orientate all new residents to our Desert Harbor community ... more information will be provided as it becomes available.

Write a personal note to these special people and place in their cubbie slot in the clubhouse... it's a nice way to say hello.

Ladies Luncheon *Agnes Miller, coordinator*

May's luncheon at **Mimi's Cafe** was very enjoyable. All eleven of our ladies had a good time at this very nice little restaurant. Mimi's is always a favorite.

Applebee's Neighborhood Grill & Bar is the choice for this month's lunch. **Tuesday, June 19th** is the date. We will meet at the clubhouse at 11:00 a.m. and form car pools as needed. Add your name to the sign-up sheet if you want to come along with us. We have fun at these outings and everyone is welcome.

Applebee's® was founded in Atlanta, Georgia, by Bill and T.J. Palmer. The Palmers envisioned a restaurant that would provide full service, consistently good food, reasonable prices and quality service in a neighborhood setting. Their first restaurant, T.J. Applebee's Rx for Edibles & Elixirs,® opened in November 1980.

Today, with more than 1,900 restaurants, Applebee's is the world's largest casual dining concept. For each of the past 14 years (1993-2006), Applebee's has opened 100 or more new restaurants. The company estimates the development potential of the Applebee's concept in the United States to be at least 3,000 restaurants.

The event of May 5, 2007

Resident's Meeting Recap

Call to Order: Joe Schnier called the meeting to order at 9 a.m.

Treasurer's Report: We have \$1052.31 in the Activities fund and \$55.48 on hand for a total of \$1107.79.

Committee Reports included Celine Leonard (Casino and Barleen's) who said she needed more people to sign up for the **Gila River Wildhorse Pass Casino** trip and we have Barleen's Arizona Opry booked for shows in February and March of 2008. Cyndi Smith reminded us about the **May Ice Cream Social** and that **Bunco** is played every other Tuesday - everyone is welcome. Dick Smith (Tai Chi) announced Tai Chi classes are conducted every Monday and Thursday at 9 a.m. He is posting a sign-up sheet to seek the interest level to form a Yoga class. It was announced that Stan Marciniak is teaching a Texas Two-Step class each Monday at 7 p.m. Joe Schnier said for the Western Dinner/Dance 114 tickets were sold. The steaks, chicken and entertainment were excellent. There was \$321.75 spent on meat, \$250 on entertainment and after all expenses, the Activities Organization realized a \$26 surplus. Thanks were extended to all those who came and especially to those who helped make this event a success. Pancake Breakfasts will be suspended until September.

Coming Events: The Memorial Day Cookout will be on May 28th at 5 p.m. Hot dogs and hamburgers will be furnished by American LandLease. A Hawaiian Luau is being planned for October. More information about this event will be announced later.

New Business: Mike Kereluk motioned that in the event of a resident's death our organization should provide \$100 toward a memorial service (if one occurs in our park). The motion passed unanimously. Joe Schnier announced that some park residents experience financial difficulties and will not attend our cost events because of it. He said in such cases, committees would find a way to get those individuals the needed tickets. No one should be kept from attending our events for this reason...confidentiality will be observed. Margaret Poshka said that residents can receive our Harbor Lights Newsletter via the internet if we have e-mail addresses. Many residents are currently receiving the Harbor Lights in this manner. The quality is so much better compared to the hardcopy (B&W) printing method. Currently we use the UPS Store to print the newsletter.

The \$50 raffle drawn at the Residents Meeting will now be drawn during the monthly Potluck Dinner. This May 5th Residents Meeting will be the last until the first Saturday of October (October 6, 2008) due to summer.

Adjournment: The meeting was adjourned at 9:30 a.m.

Recycle HELP OUR ACTIVITIES ORGANIZATION

by Mary Lou Croyle

In the May, 2007 issue of the **Harbor Lights Newsletter** an article was included about locations in Apache Junction that recycle. Thank you for the information. However, we have our own paper recycling bin in our community. Our Desert Harbor Activities Organization has a paper recycling bin at the rear of the club house. Items to be placed in the bin are as follows:

Newspapers, inserts, magazines, catalogs, phone directories, packing paper, computer paper, junk mail, shredded paper (without the plastic bags), file folders, books, and cardboard boxes (broken down and labels removed [to help prevent identity theft]). In general, anything paper can be disposed of in the bin.

The bin is emptied when full and the Desert Harbor Activities Organization receives money for the paper that is placed in the bin. This is an easy way for the Organization to earn a few extra dollars.

**PLEASE HELP THE ORGANIZATION'S TREASURY
AND RECYCLE ALL PAPER PRODUCTS HERE.**

If you have any questions, please contact
Mary Lou Croyle
at Lot #120 or give me a call at **(480) 641-2870**.

Enterprise Rent-a-Car

Our Desert Harbor community now has corporate status. Simply put, you can rent a car through Enterprise and receive great savings. Just present our Corporate ID # to any Enterprise office when you rent a car and get an instant discount. It's just that simple!

Many Desert Harbor residents have already saved money using our Corporate discount. For more information, contact:

**Dave Blomeyer at Lot #58
(480) 982-3938**

Words from Our Management

Yvonne Cavazos, property manager

I wish all of you who are leaving the community for the summer a safe and enjoyable time.

We will see you in the fall!

In May, Desert Harbor addressed several pool and pool area issues. The pool decking was cleaned with a pressure washer and we have ordered new "sleeves" for the handrails with split covers. The pool guide handrails that were loose were re-anchored.

Re-anchoring the pool guide handrails has been done several times in the last few years. One of the reasons that this occurs is that the rails are not used properly. When using the rails to exit the pool, the pressure should be put on the rails in the same direction that they are pointing. Please don't pull them in another direction. This loosens them and, eventually, to repair them we will have to tear up concrete pool decking. Not only will this be extremely expensive but it will also require the pool to be shut down until completed. Please remember that many of our operational costs can be impacted by resident behaviors.

The pool tables are being recovered. One was done in May. One will be done June 1st and the last one is scheduled to be completed the first part of July.

In June, Desert Harbor will have a company trim the ficus trees that are on common property such as the entranceway, the street area leading to the Clubhouse and around the Clubhouse. They will also trim the palm trees in this same area. If you have a ficus tree on your property that has died you need to have it removed. If you wish to plant something else in its place besides another ficus tree, please let the office know PRIOR to replacing it.

We are having a tremendous problem with foliage issues in the community. It appears that some lots are so over planted that house visibility is impaired. Our landscaping policies are in compliance with the Crime Free Mobile Housing Program and as such, our policies have restrictions on type of foliage, quantity, location and height of foliage. Many community residents do not bother to ask before planting anything or building anything on their lots. I recommend that all of you read the sections in your community policies that govern foliage requirements and what can be placed in your yards and on your carports/driveways because, in June, we will go from property to property and assess what needs to be trimmed and/or removed. I would really appreciate your attention to this matter.

On another note, I would like to thank the Activities Committee for the wonderful job they did in making sure the **Memorial Day** cook-out was so enjoyable for all in attendance!!!

We're Committed to Our Tradition of Serving You

For more than 55 years, our representatives have delivered delicious frozen foods to households like yours. More importantly, we deliver friendly, helpful, personalized service.

Arriving in your neighborhood every two weeks, we stop at your door and deliver your order; choose from more than 400 products, all with a 100% quality guarantee. Through our doorstep service, we get to know you and the tasty treats and meal solutions you enjoy serving your family.

And that's the Schwan's Home Service tradition—and our commitment to you.

1-888-SCHWANS
(1-888-724-9267)

Welcome to the new year!

With every new year, I start to think about resolutions—especially those I know I can keep! One resolution I'm sure I share with many of you is to find ways to make more time to do the things we enjoy.

That's why we are constantly looking for ways to help you plan better meals for you and your family, and in less time. This is reflected in the products we create and the service we provide. We also understand half the battle of preparing good food is simply in the planning and deciding what to make. Although we'd all like to magically create great meals at the snap of our fingers, we could all use a little help in getting there.

That's why we're excited to bring you our new catalog. Full of great meal planning ideas, we've mapped out meals you can cook in under 10 minutes to several easy recipes that you can create with our food and items from your own pantry! Importantly, you can provide great tasting, quality meals for you and your family, even when you do have less time. Because we believe it's all about having time for the things that matter most.

So while our catalog may have changed a bit, what hasn't changed—and what won't change—is our promise to provide the quality, variety and personal service that you've come to expect from our family.

So grab a cup of coffee and spend a little time with us...

On behalf of Schwan's Home Service,

Director New Product Innovation

ORDERING INFORMATION

Try ordering in advance to assure your Customer Service Manager will have all your favorites on the truck.

- Order online 24 hours, 7 days a week at www.schwans.com
- Call toll free 1-888-SCHWANS (1-888-724-9267)
